

## FIND

Diabetes Self-Management Education Programs  
Chronic Disease Self-Management Programs  
National Diabetes Prevention Programs

## IN YOUR AREA

# Call 2-1-1

## For Information & Referrals

2-1-1 Centers throughout the State are partnering with the **Florida Department of Health** to help clinicians and residents find and access Diabetes Self-Management Education Programs, Chronic Disease Self-Management Programs and National Diabetes Prevention Programs in their local area. Anyone can call 2-1-1 to get program information and referrals to those programs.

### 2-1-1 SERVICES

- trained hotline specialists
- available 24 hours a day
- free and confidential
- assessment and referrals
- support and crisis intervention
- directory of human services

Florida's 2-1-1 Centers are certified by the Florida Alliance of Information and Referral Services (FLAIRS) or accredited by the Alliance of Information and Referral Systems (AIRS). Sixteen 2-1-1 Centers operate in Florida serving more than one million callers each year with a variety of hotline, information and training services. They are supported by local government, United Ways and other funders. All are nonprofit or public entities.
